A modern architectural masterpiece designed by architect Tobal

This impressive estate will be the largest villa in La Quinta Hills, becoming one of the most secure and private areas on the coast. Located at the end of the complex, the villa offers both privacy and undisturbed views.

Once entering the house, you'll be welcomed by large windows showcasing the panoramic views and a modern living space, designed to exceed all your expectations. From the ground floor, you'll find all the living areas and 4 bedrooms, including the large master bedroom with a walking closet and master bathroom.

In the basement, there will be a gym and spa area, which could be accessed directly from the garden and pool area. There is plenty of room for more bedrooms or to create the space to suit your needs.
